

Services, Resources, Priorities & Actions

- 1. Developing a detailed report analyzing MHLS services including describing each service, allocating resources to each service, stating outputs & outcomes for each service, and determining the value/return on investment per service.
- 2. Reviewing MHLS Plan of Service to ensure the Plan and the findings of the service study are aligned.
- 3. Seeking prioritization of MHLS services by stakeholders.
- 4. Adding an Action Plan component to MHLS Plan of Service.
- 5. Measuring success based on meeting member library needs in support of excellent services.
