Hello -

Am writing to thank you folks for the Friends Group Resources section on your web site.

I have included it as a basic resource for those looking for information about Library Friends in the attached Directory of State Friends of Library Groups Presidents/Contacts/Publications.

I would also like to encourage you to update and correct the citations in the list to increase its value and effectiveness.

Thank you again for this service to the broader library community; it is much appreciated by many around the country.

Cheers - Don

# HOORAY !!

What wonderful news ! It is so rare to find as thorough and helpful a resource list as yours - am delighted to hear that you are updating. My prayer now is that you will keep the same email address for each section.

Thank you again for this wonderful service - a testament to the point of librarianship being of service to its public. Your System obviously has caught and practices the spirit of being of service to your members.

Please keep me posted about developments, and do let me know if I can help in any way.

Cheers - Don

Hi Kara,

Perhaps the following legal statements may be useful in your Board understanding a write-in process is advisable.
