Hi Rebekkah!

What a happy day.

I like the way you are looking at this - and yes, it's true. Those onerous safety measures did help keep everyone safe and get us to this point of much greater normalcy!! Well, maybe not the cleaning ones. 😊 But the library has never been cleaner!

Thanks for all you did for walking us through this ! It would have been impossible without you and without the MHLS team.

Just a note to thank you so much for giving Tammy the opportunity to do her internship with you. I just met with her and she was so enthusiastic and excited about how much she learned from you. I, of course, agreed that she couldn't have had a better mentor!

And, the Financial and Fiduciary webinar was excellent -- so important and helpful. I'm asking all of our Trustees to become familiar with the material.

Thanks, Rebekkah, for all you do.

Hi Rebekkah,

It was so good to see our collaborative puzzle project mentioned in the recent MHLS bulletin.

It has been on my mind since the project began that Mid-Hudson is an essential piece of the puzzle, we could not do what we do without you. I've hesitated sending a puzzle piece because I know how busy you all are but if someone on staff had a few minutes and an artistic bent it would only take a bit of doodling to include MHLS.

I just want to make sure no piece is missing...

All the best,

Jeanne
