Hi Rebekkah,
 I just have to tell you that Tom Finnegan has to be one of the nicest people I have ever dealt with! He has been nothing but professional, kind, patient, and gentlemanly in working with me to resolve the issue we've been having here with delivery. It is such a pleasure to work with him and he is truly an asset to our system! Feel free to quote me on that :))
 Have a great weekend,
 Mary

Isaac went to ToU yesterday to set staff up to remotely access the patron computers. Isaac upgraded their patron computers to make the Microsoft Assist product viable. He will complete the work remotely. The Thank You note from Tracy could be included in the board packet.

Whew! One short hour and the information was so helpful - I was tired afterwards; you both must be exhausted!

Thank you so much for your professionalism and for sharing your knowledge.
