Thanks for the feedback!

Thank you. I appreciate that.

Hello, Rebekkah!

That was a clear and useful presentation of the MOU, but I am even more appreciative of the fact that MHLS prioritized presenting it at, another excellent resource for member libraries! Your commitment to communication is the foundation of our system. Thank you!

You are so welcome!

Thank you for the kind words.

Rebekkah, I just wanted to let you know I was so impressed with you, Laurie, and Laura at today's meeting. And in fact I'm amazed at the great interactions I've had with everyone at MHLS - everyone is so helpful and responsive. It's a true change of pace from what I'm used to dealing with, and I just wanted to thank you. I'm so happy to finally be a part of this system.

Have a great rest of your week!

Thank you for arranging the visit, sharing
your libraries, participating in the ARPA sub-awards
and contributing to a great visit. We really
appreciated your time.

Dear Rebekkah and Laura

Thank you very much for joining us on our
library visits in July with our federal program
officer, Dennis, and also for joining us at lunch.
It was very helpful for Dennis to be able to
talk to everyone and ask questions. We all
enjoyed hearing about your digital navigator
programs. Right before the holidays we received
approval of our ARPA reports, which included
reporting on our sub-awards.
